 - 3. Physical workshops preferred – Students keep relaxed and hands on, more people involved
 - G. Topics/Themes??
 - 1. Ideas First
 - 2. No themes
 - H. Topics discussed and to be voted on:

Heat Illnesses – Robert Hudgens (past Delegate with Kennedy Kreiger Institute)

Ocularmotor Rehabilitation for Concussion

Cristina Haverty, (Lasell College) Theory/Lecture on Functional Movement Screens (could to with Ron Laham (Kelsey R.)

Matt Hoch (at ODU) - Possible topic: *Incorporating Injury Surveillance in Clinical Decision Making* was his topic this year but I'm sure he would be willing to modify and/or speak on another topic as well (Kelsey R.)

Ron Laham – (Lassall College) Possible topic: Functional Movement Screens (FMS) and subsequent rehabilitation on the FMS Findings. (Possible Lab??) (Kelsey R.)

Dr. Jamie Ames (surgeon at Dartmouth) – he could discuss several different surgical procedure (videos?)

Molly McNeil - an ATC who functions as a physician extender and could present with Dr. Ames describing her role and how she reached this position.

Aaron Marston (University of Maine at Presque Isle) that is a very good speaker. He started the hit center in Florida and has worked with professional football players. Topic area: strength and conditioning and biomechanics (Molly L.)

Scott Spak (MIT) – He approached us and would like to speak on
Advocate, Get Involved, and Make it Better
Organizational and Professional Health and Well-being

Military AT's presentation – presenter to be determined later depending on deployment

Special Olympics - Heather Kinney, MS, LAT, ATC orndorffhl@upmc.edu - working with kids and special needs (Mikayla)

NASA – Mary Kirkland was supposed to talk for the 2015 Program but had to have surgery

BOC Study Guide Workshop
