

Thank you for visiting the EATA Student Delegation page! I appreciate your support for the EATA and EATA Student Delegation. My name is Taylor Garron, and I am honored to be selected as the President of the EATA Student Delegation for the 2022-2023 academic year.

Every two years, students from Districts 1 and 2 are appointed by their state association president to serve as their state representative on the EATA Student Delegation. While serving in this position we have the opportunity to represent the athletic training students in our state, meet other future leaders of athletic training, and learn from many accomplished health care professionals and leaders in the field of sports medicine.

Outside of working with EATA leadership to create and deliver an outstanding educational program and experience at the EATA Convention in January, our primary goal for this year is to increase our collaboration with other student leaders at the state, district, and national levels. Additionally, we will be working to improve communication between our delegation and other organizations and committees within the EATA, and Districts 1 and 2.

The 2023 student program at the 75<sup>th</sup> Annual EATA Convention has been a labor of love from the student delegates. We have worked hard to find engaging and dynamic speakers who will present on topics that students find relevant and interesting. Each of the delegates have worked very hard on creating and organizing the student program to make it the best it can be for all of our student attendees.

Thank you for your support of the EATA Student Delegation. I look forward to seeing you in Boston for a very special 75<sup>th</sup> Annual EATA Convention "Diamond Celebration."

All the Best,  
Taylor Garron
