Welcome Letter

Dear Athletic Training Student Delegate,

Congratulations on taking your first steps towards becoming a future leader in the profession of athletic training. By applying and being appointed to the position of EATA Student Delegate, you are beginning your trek down the road of professional involvement and influence. You are a member of an elite group of athletic training students that will be part of the oldest athletic training organization in the United States. The EATA is steeped in tradition and professional vision regarding the profession of Athletic Training and the promotion of research and scholarships. Its leaders have shaped the profession of athletic training for over 5 decades and will continue to do so in the future. The EATA has consistently been a hallmark for other athletic training organizations to follow. Whether it is meeting management or providing scholarships and funding for research, you will quickly see the influence and honor associated with this great association.

You must also be informed that in serving your professional organization, you are committing to a time obligation. This position is not only a resume builder, but a character builder. You must be committed to it and have a passion for its goals. Only the EATA and District IV offers this level of service and involvement for their students. While the EATA Student Delegation should not be first on your priority list, you must be willing to work a few hours per week on the various projects assigned to you during your term. Your reward from this experience will be dependent on the efforts that you put into it. Make the most of your time as a member of this delegation.

In the pages that follow, you will find guidelines to assist you with your duties as an EATA Student Delegate. While it is not all inclusive, this Handbook should give you information on the structure of the Delegation and the procedures for the EATA Student Government. You will find information as to the chain of command and how to contact the right person when you have questions. You are encouraged to read through it and ask any questions that you may have. Good luck in this endeavor and remember that you are a leader of the athletic training students in this profession and that this opportunity will prepare you to lead the Athletic Trainers of tomorrow.

"The ultimate leader is one who is willing to develop people to the point that they eventually surpass him or her in knowledge and ability."

-Fred A. Manske, Jr.

Mission Statement

The Mission of the EATA Athletic Training Student Delegation is to develop and take advantage of leadership opportunities by assisting the EATA Athletic Training Student Program Chair and the EATA President-Elect in planning, hosting and management of the EATA Athletic Training Student Education Program during the EATA Annual Meeting and Symposium.

By-Laws

Article 1

1.0 Athletic Training Student

- A. An Athletic Training Student is defined as a current EATA member (Student member of NATA District I or II) who has been accepted to or has graduated from an accredited Athletic Training Education Program and is currently attending an institute of higher education on a full time basis.
- B. The Athletic Training Student definition includes graduate or undergraduate students currently enrolled at an institution within the geographic boundaries of the Eastern Athletic Trainers' Association (NATA Districts I and II).
- C. An Athletic Training Student may not be employed as a full-time Certified Athletic Trainer (ATC).

Article 2

2.0 Number of EATA Athletic Training Student Delegates

- A. The "EATA Athletic Training Student Delegation" will be comprised of a 12 member rotating "EATA Student Delegation."
- B. Student Delegates will be distributed as follows:
 - 2 Students from Pennsylvania (East and West)
 - 2 Students from New York (East and West)
 - 1 Student from New Jersey
 - 1 Student from Delaware
 - 1 Student from each of the states of, Connecticut, Massachusetts, Vermont, New Hampshire and Maine (Rhode Island has no accredited athletic training program)
 - 1 Student to be voted on by the District I Executive Council from applicant pool from New England States possessing accredited athletic training programs. This process is necessary to equalize the numbers of students represented from each District for continuity of leadership, structure and changeover.
- C. Each Athletic Training Student Delegate will serve a two-year term and is expected to fall under the definition of an Athletic Training Student during their two-year term.
- D. Athletic Training Student Delegates may serve no more than one term.

2.1 Selection of Athletic Training Student Delegates

- A. Each year six athletic training student delegates will complete their term and shall be replaced by six new athletic training students. The remaining six delegates are available for leadership continuity and mentorship for the incoming Athletic Training Student Delegates. At initiation of the Athletic Training Student Delegation, there were suppose to be three juniors and three seniors picked from each district. However, a Graduate Athletic Training Student was considered for the initiation of this delegation to ensure representation from all states. While it is preferred by the delegates and Executive Council that the delegates be in undergraduate study, Rhode Island does not have an undergraduate program at this time. At the end of the first year, the three seniors will go off the delegation and three upcoming juniors shall be selected. The candidates for delegates must be anticipated to fulfill the entire two year term and it is preferred that they be undergraduate students. This will ensure that there is a changeover of six Delegates each year there after.
- B. Athletic Training Student Delegate Nominees are to be interviewed and recommended by the State President of their respective state
- C. The State President will call for and receive applications from the 1st of December to the 20th of January
- D. The Application process shall be a letter of recommendation received from the Student's Athletic Training Education Program Director and completion of the EATA Athletic Training Student Delegate Application
- E. State President shall forward his/her Nominee choice for consideration to the EATA President postmarked by February 1st
- F. Nominee approval by the EATA Executive Board shall take place during the February Board conference call
- G. The EATA Executive Board must approve all Athletic Training Student Delegate Nominees
- H. New Delegates that have been approved by the EATA Executive Board before January, should attend the EATA Annual Meeting and Symposium following their nomination and approval, but will not vote or have expenses reimbursed until their term begins following the Annual Meeting
- I. Athletic Training Students chosen to be EATA Athletic Training Student Delegates shall be mentored and advised by their individual Program Director
- J. A copy of the Student Delegation Manual shall be provided to the Program Directors of all Athletic Training Student Delegates
- K. Athletic Training Student Delegates must reside in the state they represent for at least the first 12 months of their term and must be a member of their state organization for the entirety of their term.
- L. Athletic Training Student Delegates must establish NATA membership within the boundaries of EATA.
- M. Student Delegates must reside in the boundaries of the EATA and must be a member of the NATA and in good standing for the entirety of their term
- N. If for any reason a Student Delegate does not fulfill his or her complete term, the State President will present another Athletic Training Student Nominee to the EATA Board for approval to complete the remainder of the vacated term. The EATA Athletic Training Student Delegate President will be responsible for communicating any vacancies to the respective State President
- O. Replacement Delegate for vacated position shall be considered an interim Delegate. At the end of the interim term, the Delegate may apply for a full two year term of service

Article 3
